## Women Thrive Alliance

Thank you for choosing to support Women Thrive Alliance through the Pax World Global Citizen Program.

Women Thrive Alliance is a leading non-profit that brings together over 250 member organizations that work directly with grassroots women and girls in over 50 countries. These organizations are led by local change-makers who believe that women and girls should live free from violence, enjoy quality education, and achieve economic empowerment. They believe that by challenging the status quo, they can achieve greater equality for all. Women Thrive supports its Alliance members by making sure that they are equipped with the skills, knowledge, resources, and connections they need to reach their full potential as gender equality and women’s rights advocates. By providing virtual and in-person learning opportunities, training and coaching, Women Thrive members connect with each other, share their knowledge, and learn new skills.

By designating a portion of your investment earnings to Women Thrive Alliance or by making a direct gift, you will be investing in helping women break free from poverty, violence, and inequality.
